## TORNADO HITS SHELBY COUNTY

**Timothy Lewis is Killed While Trying  
to Save His Daughter  
From Ruins.**

### MIDNIGHT WIND PLAYS HAVOC

**Storm Swept District Covers Portion  
of Rush County--Cyclone Felt  
in Rushville.**

A terrific storm of a tornado nature between 10 and 11 o'clock last night, killed Timothy Lewis, age fifty-four, and his daughter, Louise, age seven. The two were buried under the ruins of their home, one and one-half miles northeast of Shelbyville. Mrs. Lewis succeeded in digging out of the ruins. She ran to the home of James Vice, where she collapsed in the doorway. The Lewis home was a six-room frame dwelling. Mr. Lewis had not gone to bed when the storm broke. He rushed to the bedroom of his daughter. The crash came and both were carried down with the flying timbers, their lives being crushed out. There was no fire in the dwelling at the time.

The young tornado swooped down through Shelby county covering a narrow strip of territory, which extended over into Rush county in places. All of the telephone systems between Morristown, Arlington and Gwynneville are down and it is impossible to communicate with anyone in the storm swept district. The neighborhood in the vicinity of Sumner, this county, was on the edge of the path of the storm and slight damage was done.

The darkness and the heavy rain prevented rescue work until this morning.

The large frame dwelling of Edward Moberly, half a mile from the Lewis home, also was demolished. Mr. and Mrs. Moberly were seriously injured. They escaped from the ruins of their home and made their way to the dwelling of Jacob Yearling, where a physician was called.

The house of Mr. and Mrs. Jefferson Walton barely escaped the fate of the Lewis home. The occupants ran for their lives. The house was carried away. They ran to the Vice home in their night clothes.

Two barns on the farm of Miss Lou Enos were carried away by the wind and her home was damaged.

The homes of Samuel Robinson and Isaac Watts, both colored, were demolished, and the house on the farm of Milton Senour was laid flat.

A horse belonging to Timothy Lewis was found in a field. The animal had been in the barn. The building was carried away. The horse was uninjured. The blowing down of telephone poles made it impossible to learn the extent of the damage.

The streets in Shelbyville present a sight never before seen. Trees and

## WILL REDUCE HIS SALARY

**Knightstown Board Wishes the Town  
Marshal to Resign His Job.**

The marshal of Knightstown, Peter Wagner, applied for a license to sell intoxicating liquors and the town council requested him to resign. This he refused to do, saying he was elected to serve four years by the voters of the corporation and proposed to serve out his term, even though he was given a liquor license. However, Wagner is up against a hard proposition as the council at its next meeting will reduce his salary to \$10 a month.

## JESSE PUGH IS ON PROGRAM

**Concert to be Given at St. Paul M. E.  
Church.**

A concert of extraordinary interest will be given Friday night, April 21, in the St. Paul M. E. church under the auspices of the Epworth League. A number of local singers and musicians are on the program, including Jesse Pugh, who has gained much favorable comment in the Lyceum circuit. He needs no introduction as the people here know the quality of his work. The rest of the program is well balanced and a fine entertainment is promised.

## LAST MEETING OF WEEK TO BE HERE

**One of Series of Missionary Meetings  
Will be Held at St. Paul's  
M. E. Church.**

### THE REV. TURNER TO PRESIDE

Tomorrow the last meeting this week of the series of missionary meetings which are being held over the country, will take place at the St. Paul M. E. church here. The Rev. J. W. Turner, pastor of the church will preside at both the afternoon and evening sessions. The evening meeting will convene promptly at 7:15 o'clock tomorrow evening and will be led by the Rev. V. W. Tevis of this city, superintendent of this district. At the afternoon session the missionary question will be discussed under two heads, the statement of the problem and the solution of the problem.

The second meeting of the series was held at Glenwood today, when an attractive program was carried out. The Rev. C. N. Wilson of Carthage, A. R. Jones of Arlington, F. C. Burns of Falmouth, C. B. Walls of Morristown and Clyde S. Black of Glenwood spoke on timely subjects. The remaining meetings of the series will be held next week as follows: Tuesday Carthage; Wednesday, Arlington and Friday, Morristown.

## DEATH CALL COMES TO MRS. WARFIELD

**Well Known Woman of This City  
Succumbs After Illness Lasting  
Nine Days.**

### BURIAL FRIDAY AFTERNOON

Mrs. Taylor Warfield, a well known and highly respected woman, died this morning at four o'clock at her home in North Morgan street. Mrs. Warfield's death came as a great shock to her many friends. She was taken ill nine days ago with a heavy cold and this developed into pneumonia. Mrs. Warfield would have been sixty years old the twenty-fifth of this month and was a life-long member of the Methodist church. Besides her husband she is survived by one daughter, Mrs. William Bowen, five brothers and one sister.

The funeral services will be held Friday afternoon at two o'clock in the St. Paul M. E. church. Burial will take place in East Hill cemetery.

### THE WEATHER.

Unsettled tonight and Thursday and colder tonight.

## PRESBYTERY TO CLOSE TONIGHT

**Conference on "Home Missions," Will  
be Led by The Rev. Paul Stewart  
of Milroy.**

### SMALL CROWD IS AT MAYS

**Poor Railway Facilities and Bad  
Weather Lessens Attendance--  
Local U. P. Members Attend.**

The meeting of the Indiana Presbytery, of the United Presbyterian church, which is in session at Mays, will be closed tonight when a session, which will be open to the public, will be held. The open conference tonight will be on the topic, "Home Missions." The discussion will be led by the Rev. Paul Stewart of the church at Milroy.

Due to the inclement weather and the fact that the railroad facilities at Mays are very poor, the crowd at this session has been very small. The number in attendance today was not what it usually is at the meetings of the Presbytery and the bad weather is advanced as the principal cause for it. Twenty delegates and ministers arrived in Mays last night in time for the opening session. More arrived this morning for the more important sessions of the meeting.

The business of the session was transacted at the morning session today. The Rev. W. W. McCall, pastor of the United Presbyterian church at Spring Hill, Ind., acted as clerk of the sessions. This afternoon a strong conference on the subject, "The Eldership" was held. The discussion precipitated a spirited debate on the subject and the meeting proved to be one of the most interesting ones. The discussion was opened by the Rev. Mr. Kimmershine, who followed by J. J. McCoy. T. M. Green of this city was on the program to take part in the discussion but was unable to attend.

The meeting was opened last night with the first session at 7:30 o'clock. The Rev. J. T. Cowan of Indianapolis, brother of John A. Cowan of the city, preached at that time. The Rev. Mr. Cowan is moderator of the district.

Several members of the United Presbyterian church in this city attended the sessions today. The Rev. A. W. Jamieson, pastor of the local church and Will Cherry, lay delegates from this church, attended the session last night and all during today.

## SENATOR MOORE LECTURES

**Former Legislator Talks on Educa-  
tional Subject at University.**

Senator E. E. Moore, whose residence is now in this city, and who is a recognized authority on various lines of educational work, delivered a lecture before the State University Law School at Bloomington Monday upon the invitation of the faculty, the subject of the lecture being "Before the Bar," says the Connersville News. Tuesday he addressed the assembled classes at the State Normal school at Terre Haute, upon the special invitation of the president of that institution. The senator returned home today.

## HOPING FOR BIG MEET THURSDAY

**Regular Attendants at Merchants As-  
sociation Sessions Anticipate  
Monster Crowd.**

### PLANS FOR "BIG WEDNESDAY"

**Many Notable Things Have Transpired  
Since Last Meeting Was  
Held March 16.**

It is anticipated by Rushville business men that a very enthusiastic meeting of the Rushville Retail Merchants' Association will be held on Thursday evening in the court house assembly room. A number of important things have transpired since the last meeting and it is believed, since new life seems to be infused into Rushville, that the attendance tomorrow evening will be the largest which has ever been held in recent months.

The most notable achievement since the last meeting of the association is the location of the fifty thousand dollar factory, financed by local men. The movement was launched Friday, March 24, and was given to the public through the newspapers. Scarcely a day had elapsed before the location of the factory was assured. All that, which is the greatest and best thing which has happened to Rushville in recent years, has taken place since the last meeting of the association which was held Thursday, March 16.

It is nothing more than fitting that the merchants should hold a jubilee gathering over such an achievement. Enthusiasm over the future of Rushville has been rampant since the successful location of the factory and it is believed for that reason that many merchants who have not taken much interest in the association in the last few months will take on renewed activity. At least the regular attendants at the association meeting are hopeful of a monster crowd at the gathering Thursday evening.

This will be the next to the last meeting before the first "Big Wednesday" of the summer months will be held. At this meeting it is hoped that representative merchants will be present so as to make suggestions for the bargain day. The next meeting after the approaching one will be taken up with the final arrangements for "Big Wednesday."

With a very auspicious beginning, it is likely that the "Big Wednesday" will be even more successful than they were last summer, when they were first conceived by local business men and copied by cities in many places in the United States. It is useless to recall the good results derived from the unique bargain days as they are known to all local people, but the second year of "Big Wednesday" should be even better.

There is still a small deficiency in the light fund and it is thought that methods for raising the remainder will be devised at the meeting tomorrow night. The sum is very small but may be increased if the merchants decide to add two more lights to the string in order to make them uniform.

It is probable that plans will be laid at the meeting Thursday night for some sort of a celebration to commemorate the location of the factory and the installation of the new decorative cluster lights. A celebration in the nature of a public gathering in which every person in Rushville might participate has been suggested as has a banquet for the members of the association and others who are interested in the future welfare of Rushville. Any plan that may be suggested will be decided Thursday night.

## WILL ATTEND MEETING

**Local People Will go For Church  
Convention at Liberty.**

At the meeting of the Auxiliary of the C. W. B. M. of the Main Street Christian church, held at the home of Mrs. George B. Thomas in North Perkins street this afternoon, it was expected that arrangements would be made to attend the Tenth district convention of the Christian church, which will be held at Liberty Thursday and Friday. The C. W. B. M. will hold a special session Friday afternoon and at that time Mrs. J. D. Case of this city will conduct a workers' conference. A number from this city will probably attend.

## GUN CLUB PLANS FOR BANNER YEAR

**Holds Annual Election of Officers and  
Names Various Committees  
For Ensuing Year.**

### WILL ADD NEW FEATURES

The Rushville Gun and Country club held an enthusiastic meeting last night in the office of Sexton and McCollin and elected officers and appointed committees for the ensuing year. The club promises to be bigger and better this year than ever before and several new features will be added. The club will hold shoots at regular times, but the date for the first one has not been set.

The officers elected were: President, Dr. F. R. McClanahan; Vice-president, Dr. F. M. Sparks; Treasurer, Wilbur Stiers; Secretary, Guy Abercrombie; Board of Directors, Dr. F. R. McClanahan, Dr. F. M. Sparks, Walter E. Smith, Will McCollin, Dr. Carl Behr, Ralph Payne and Wilbur Stiers; Shoot Committee, Dr. Sparks, Ben Cox and Dr. Carl Behr; Tennis Committee, Will McCollin, Walter Smith and Rush Budd; House and Grounds Committee, Wilbur Stiers, R. C. Hargrove and Dr. P. H. Chadwick.

## WILL APPEAR IN CAPS AND GOWNS

**Members of High School Senior Class  
Decide to Don Classic Apparel  
at Commencement.**

### TO SAVE HEAVY EXPENSES

The members of the Senior class of the high school will dress in the classic cap and gown at the exercises incident to the commencement this year. At a meeting of the class last night this plan was decided on as a means to eliminate the customary heavy expenses for wearing apparel during commencement week. The caps and gowns will be donated both for the commencement exercises and the baccalaureate sermon. There was some dissension at the class meeting in selecting the cap and gown. A number are opposed to the conventional black, which is significant of collegiate degrees and for that reason some other color may be chosen. The plan has already been adopted by many high schools and since the caps and gowns may be rented at a low rate it is a very good plan to save the customary heavy expenses.

## TWO LICENSES WERE GRANTED

**William Price and August Roth Given  
Permission to Sell Intoxicating  
Liquors by Commissioners.**

### ACTION CAME AS A SURPRISE

**Was Thought They Would Defer Ac-  
tion Until Next Meeting--Will  
Open Soon.**

Late yesterday afternoon the county commissioners granted saloon licenses to William Price and August Roth. As far as the commissioners are concerned this settles the question of granting licenses as this makes six, the number possible under the one to every thousand population limit.

There have been rumors to the effect that the commissioners would change the limit and give all the applicants licenses. Their action yesterday came as a surprise as it was thought they would defer action on the two remaining applications until a future date. The application of August Roth was left over from their regular meeting of last month at which time they granted four licenses. By not granting his license at that time it was generally understood that it had been turned down.

Both Price and Roth are making active preparations to open as soon as possible. Price will operate his place in the room now occupied by the Gale pool room in Main street. It is his first venture in the saloon business. Roth will open up in his present room in the Offutt building in First street. Mr. Roth formerly run a saloon here before the city went "dry" at the first option election.

It is understood that Price and Roth will handle the Indianapolis Brewing Companies' beers. This is the first of the saloons to use the Indianapolis product as the places now open are using the Jung company's beer, a Cincinnati product.

## WOMAN TRIED TO EVADE OFFICERS

**Mrs. Sarah Richie of Milroy Tried to  
Convince Doctor That Children  
Had Scarlet Fever.**

### THE RUSE FAILED TO WORK

It has developed that Mrs. Sarah Richie of Milroy, who was arrested yesterday, charged with stealing twenty chickens from Philander Witter, tried to evade arrest by a clever ruse. Her two children were ill and she summoned Dr. Lampton. On the doctor's arrival she stated that it was her opinion that they had scarlet fever and for the benefit of the community she desired to be quarantined. It is said she did this because it would keep the officers from arresting her. Dr. Lampton made a careful examination and found that the children were suffering only from heavy colds. It was only after this that the woman gave herself up to the officials.

### Sealing a Mine.

The brilliancy of the clear autumn night was dimming in the first faint light of the dawn when the work of sealing the shafts began. Up into the cloudless sky, through the tangled steel work of the tangle, a tall tower of black smoke 300 feet high poured up into the still air and faded into the dawn. In two hours the black pits were covered, first with a layer of rails, and then on this was laid a solid bed of concrete, and two hours later only a few thin wisps of smoke that poured up through cracks along the edges of the great seal, like steam beneath the lid of a teakettle, told of the inferno that was seething in the mine 400 feet below. With the air cut off and the shaft sealed the fire could live only so long as sufficient oxygen remained to feed the flames.—Atlantic Monthly.

## WILL ARRANGE FOR STONE PILE

City Council Instructs City Attorney to Draw up Ordinance to That Effect.

### MANY DRUNKS AND TRAMPS

Decide to Condemn Dillon Property in Arthur Street so as to Continue Improvement.

About the most important business the city council transacted at their meeting last night was to pass a resolution which gives the property owners in Arthur street from Third to Eleventh streets notice that they will be assessed according to the benefits they will derive from the opening and improving of this street, south of the C. H. & D. railroad. The time set for hearing remonstrances and fixing the assessment was set for April 25.

The building of sidewalks in this street has been hanging fire for some time and the council thought it time to take some kind of action. The greatest trouble has been experienced with Mrs. Dillon, who owns fifteen feet of ground south of the railroad which extends out into the street. She formerly lived here, but is now

### THIN HAIR ON TOP

A Dose of Parisian Sage in Time Multiplies One Hair by Nine.

Young men, old men, middle age men all begin to worry when the hair thins out on the top of the head, and the bald spots are getting ready to appear in public.

They don't know what to do; they get rattled, ask advice, try specialists, listen to barbers and do everything they ought not to do.

To these men we want to say that F. B. Johnson & Co., has a prescription for the hair called Parisian Sage, and if it will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we want to say to everybody, man, woman and child, that you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier and dandruff cure on the market today.

It stops itching scalp and falling hair, and makes hair grow thick and abundantly. Fifty cents for a large bottle at F. B. Johnson & Co., and druggists everywhere. The girl with the Auburn hair is on every bottle.

An attack of the-grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by All Dealers.

a resident of Piqua, Ohio, and asked the city \$225 for the ground. The resolution passed will also determine the amount of damages Mrs. Dillon should have, that is, after each property owner is assessed his share. The majority of the property owners desire the improvement and because of this the council started the condemnation proceedings.

The financial committee reported that they had found the city treasurer's reports for the months of February and March to be correct and it was ordered accepted and placed on file. The treasurer's report for the month of March was read and ordered referred to the financial committee.

Councilman Parsons brought to the council's attention the illness of City Marshal Harlow and that he thought Mr. McAllister should be employed indefinitely as policeman. This was made in the form of a motion and carried. McAllister has been on the force about a week now and as the work is too heavy for one man it was thought best to retain him.

The county has a road drag which they would like to sell the city. It has never been used and the street committee will investigate. Several streets were reported to be in very poor condition and four car loads of crushed stone will be ordered and the necessary repairs made. The question of cleaning Main street did not come up and it is not known just what action they will take for keeping the brick streets clean.

Superintendent of the water and light plant, A. T. Mahin suggested to the council that they were badly in need of an ash carrier and said he had drawn up plans for one that would cost about \$135 and asked the water and light committee to meet with him to consider the advisability of proceeding. They will wait upon Mr. Mahin some time today and in all probability he will proceed with his plans. To construct an ash carrier in this manner will save the city considerable money and the idea was looked upon favorably.

Because the city has been bothered with a number of tramps and the jail is becoming crowded with men fined for being drunk and for other offenses, the city attorney was asked if the city had the proper power to erect a work house or establish a stone pile. Mr. Barrett looked up the matter and found that the city could do as was suggested. This form of punishment met with general approval and the city attorney will draft an ordinance by the next regular meeting to this effect. It was suggested that the men could be put to work breaking the stones now in the city park or put to other manual labor.

Mrs. John Moses was appointed as a member of the library board to succeed Mrs. J. W. Moore, whose resignation was accepted at the last meeting. The choice of Mrs. Moses was unanimous, no other name being brought up.

Before adjournment the council allowed claims to the amount of \$2500.

## AMUSEMENTS

Montgomery and Stone in "The Old Town" will be the attraction at English's opera house, Indianapolis, on Thursday, Friday and Saturday, April 6, 7, and 8, with a Saturday matinee. Briefly the story concerns two ambitious country boys who go into the circus business and become stranded in Florida. Meanwhile they have fallen in love with a millionaire's two nieces. When the troupe deserts them they are called to perform the tricks themselves and here is where the comedy is developed. As there is a designing aunt who wishes to marry the nieces to foreigners, they are permitted to disguise themselves as Scotchmen, and then in other various characterizations. They keep everybody laughing at their antics and Mr. Stone's tight-rope performance will always be remembered as a hilarious feat. This musical comedy was written by George Ade and Gustav Luders composed the score. The company supporting Montgomery and Stone has been carefully chosen and capably drilled and includes many well known favorites.

## COMING G. A. R. ENCAMPMENT

It Will Be Held At Richmond  
May 17-19.

NOW PLANNING THE DETAILS

Bronze Medals to Be Given to All Delegates to the State Encampment of Veterans Will Probably Bear the Likeness of Benjamin Starr, Former Commander, and Strong Type of the Quaker Soldier.

Richmond, Ind., April 5.—The executive committee of the Grand Army encampment held a meeting at which some of the details of the gathering of veterans which will be held here May 17, 18 and 19 were settled. The official badges which will be given to all delegates of the Grand Army and its auxiliary organizations will be of bronze, and it is probable they will bear on their face a likeness of Benjamin Starr, who served as commander of the Indiana department some years ago and who was one of Wayne county's most popular and prominent men. He was one of the examples of the Quaker soldier, who, though opposed to conflict, was one of the first to enlist when it was found that war was inevitable.

The executive committee found there is little likelihood of the railroads giving excursion rates, due to the established two-cents-a-mile rate. The traction lines, however, are expected to make reductions in their fares for the week.

### DOCTOR WON OUT

Court Overrules Board's Order Taking License From Physician.

Kokomo, Ind., April 5.—In the Howard circuit court Judge Purdum found for Dr. Charles D. Pettigrew in Pettigrew's appeal from the state board of medical registration and examination. The decision, in effect, restores to Pettigrew the license to practice medicine, which license was taken from him by the state board last December. Pettigrew, who practices at Logansport, was charged with immoral conduct, it being alleged that he used untruthful advertisements in newspapers.

The case came here from Cass county on a change of venue.

### Both Cities Remained Dry.

Indianapolis, April 5.—Two cities in Indiana voted Tuesday under the Proctor law. Sullivan, Sullivan county, voted dry by 59, and Frankfort, Clinton county, dry by 147. The result in each makes no change, as both cities have been dry for two years.

### Aged Man Killed Boy.

Madison, Ind., April 5.—Ben Ruperts pleaded guilty to the charge of killing Herman Jones. He was sentenced to two and one-half years in the penitentiary. Ruperts is seventy and his victim was thirteen years old.

### Cunning.

Cunning signifies especially a habit or gift of overreaching, accompanied with enjoyment and a sense of superiority. It is associated with small and dull conceit and with an absolute want of sympathy or affection. It is the intensest rendering of vulgarity, absolute and utter.—Ruskin.

If troubled with indigestion constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the results. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by All Dealers.

While it is impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by All Dealers.

### CAPTAIN FRANK BARTLETT

Naval Academy Instructor Heads  
Steam Engineering Department.

## HE MAY BE THE MAN WANTED AT MARION

Elderly Negro Suspected of Killing Soldier.

New York, April 5.—On suspicion that he is the man whom the police of Marion, Ind., want for the stabbing of the inmate of an old soldiers' home in that town last January, Bryant W. Roberts, an elderly negro, who has been living at 264 Navy street, Brooklyn, was arrested in the Brooklyn postoffice. The man was stabbed in the eye with a pipe-stem and died shortly after.

Roberts has been creating a lot of attention along Navy street, where there are a number of negroes, by displaying a human skull over the door of his barber shop there. There are tracings of various sorts on the skull, and the old man says he is a phrenologist. He had the skull with him in a bag when he was arrested. He had found that it frightened trade rather than attracted it. He said at police headquarters that he fought in the civil war, and that "many times they had to send Roberts to the rear to stop the slaughter of the enemy."

### RED TAPE

Prevented Removal of Woman From Jail to Hospital.

Danville, Ill., April 5.—Mrs. Hattie Valentine, formerly of Fort Wayne, and a federal prisoner in the county jail in this city, died at the jail of an abscess. Mrs. Valentine was sent to jail for thirty days on the charge of "bootlegging." Her term would have ended in a few days. Because of the red tape surrounding the federal courts, she was not permitted to spend her last hours in a hospital. It required an order of the court to transfer her to a hospital, and Judge Wright was out of the city.

### He Hadn't Heard of It.

San Antonio, Tex., April 5.—General W. H. Carter, in command of the troops mobilized here, says that he has received no order detaching the Ninth cavalry, the negro regiment, from his division, and he did not expect to receive such an order.

### "A Menace to the Country."

Ottawa, April 5.—The color line was drawn in the house of commons by members of the opposition, who declared that the increasing negro immigration into Canada from the United States was a menace to the country.

### Requisition Is Refused.

Indianapolis, April 5.—Governor Marshall refused a requisition for Harry C. Organ, indicted in Cass county for forgery, when papers were received asking that Organ be returned to Nebraska to be tried in Dodge county, that state, on a similar charge. The refusal was made under that section of the Indiana law which sets out that the governor shall not honor a requisition for any person when such person is indicted for crime committed in this state.

### Will Take It Higher.

Jeffersonville, Ind., April 5.—James Smith, who was fined \$5 and costs by Justice Keigwin for failing to send his fourteen-year-old son to school, has appealed to the circuit court. Smith argued that the boy had passed fifteen birthdays, including the day of birth, and was outside the compulsory law. Justice Keigwin ruled that the school statute intended to take in the years from seven to fourteen inclusive, or eight years, including all the fourteenth year.

### Withdrawn Plea of Not Guilty.

Anderson, Ind., April 5.—Withdrawing his plea of not guilty, and also his plea of insanity, James Walker of Alexandria pleaded guilty to one indictment for murder in the first degree, the indictment charging him with the killing of Patrolman Virgil Kirkman of Alexandria, while resisting arrest. March 4.

## JOY UNCONFINED MARKS OPENING

Democrats Just Couldn't Restrain Feelings.

WHOOPED THINGS UP IN HOUSE

After Sixteen Long Years' Separation From the Direction of Affairs the Erstwhile Minority, Now in the Majority, Celebrate Accession of Power in Enthusiastic Manner at Opening of the Congress.

Washington, April 5.—"We Democrats of the house are just like children," said one of them yesterday afternoon, after adjournment of the first day's session of the special session of the Sixty-second congress. "The Democratic landslide occurred last November, it has been known for months that Champ Clark would be speaker, the committees have been named, the rules promulgated and today's cut and dried program discounted long in advance, and yet when all the anticipated good things came true when the string was cut, the box opened and the candy lay in plain view, we performed like Indians and scared up genuine enthusiasm."

And this same member, his voice hoarse from yelling and his fingers still gripping the American flag that he, in common with every one of his colleagues, had waved wildly when the serene Champ was sworn, walked away, shaking his head over the puzzle. The scene and incidents in the house were reminiscent of a Democratic convention.

The wide smiles and jovial shouts, the hand striking and back slapping, the crowded, chattering galleries, with the president's wife and the notables dividing the incessant attack of eyes and glasses and the sudden and irresistible rush of ticketless and disappointed visitors past the protesting guards and doorkeepers and in on the supposedly sacred floor—all this made a scene which is only surpassed in the tense hour immediately preceding the choice of a national standard bearer.

### An Interesting Incident.

One interesting incident in the house before the body was called to order was the meeting of W. J. Bryan of Nebraska and Governor Harmon of Ohio. These two distinguished Democrats have been here for several days stopping at the same hotel and displaying no marked desire to get together, but yesterday they met in the center aisle on the Democratic side, put out their hands together, shook long and hard, and smilingly chatted amid the uproar.

For uproar there was when the two men came together. Uncle Joe, grinning from ear to ear, jumped from his seat and led the applause on the Republican side. The Democrats, several of whom still retain the belief that the peerless leader is the greatest man who ever stepped into boot leather, did not need anyone to start them. After the enthusiasm had abated in some degree, Mr. Bryan and Governor Harmon took positions about six feet apart in the aisle, while most of the Democrats on hand filed by and gave them greetings.

### Clark In Speaker's Chair.

Representative Burleson of Texas nominated for speaker Champ Clark, the mention of whose name was greeted with a racket. Representative Currier of New Hampshire, the Republican caucus chairman, nominated James R. Mann of Illinois. There were no speeches. Then Messrs. Mann, Underwood of Alabama and Vreeland of New York, were appointed a committee to wait upon Speaker Clark, tell him what had happened and escort him to the chair.

The Democrats rose as their chief entered the chamber, each man frantically waving a small American flag and cheering with an open throat. Mr. Mann waited until the triumphant host stopped yelling to get breath, and rapped busily for order.

"The speakership is a great office," he said, "and filled by a great man. Gentlemen, I present to you your speaker, the Hon. Champ Clark of Missouri."

Speaker Clark grabbed his gavel, rapped a couple of times, secured a reasonable reduction in the racket and started ahead with his speech outlining the policy and purposes of the Democrats. After he had concluded he asked that Representative Talbot of Maryland, who comes from the famous "eastern shore" district of Maryland and who is the oldest Democrat in point of service, be permitted to administer the oath to him.

The various state delegations then advanced to the well in front of the speaker's desk and took the oath collectively. Next came the selection of officers. The names of all the old Republican officers, all of whom have held their jobs for many years, were formally proposed by Caucus Chairman Currier, but all were defeated in the natural course of events except the blind chaplain. He, as Representative Clayton of Alabama put it, will pray just as ardently and as hopefully for the Democrats in the future as he has done for the Republicans in the past. So in addition to Chaplain Couden, South Trimble of Kentucky was elected clerk, U. S. Jackson of Indiana sergeant-at-arms, J. J. Sinnott of Virginia doorkeeper, and William M. Dunbar of Georgia postmaster.

## Farmers Also Have Complaint About High Cost of Living

We have heard a great deal about the cost of living of late years, says Wallace's Farmer. Not only we, but the civilized people of all countries, are uttering similar complaints. Population has simply been increasing more rapidly than farm products; too many people in the town—to few on the farms. When the cost of living is spoken of, we naturally think of the cost of things we eat and wear. This affects the farmer and all other classes of people alike except that the farmer raises his own food to a great extent, and hence complains less on this account than people of any other class.

The cost of food, however, does not cover nearly all the cost of living to the farmer. The cost of his living involves the cost of his clothing the cost of his machinery and tools and he has a right to complain on this point. Why should not congress do something to reduce the cost of living to the farmer as well as to the people in the cities?

He is paying far too much for his clothing because of the iniquities of the wool schedule. He is wearing poorer clothes than he should because of the iniquities of both of the woolen and cotton schedules. He is paying more than he should for his fence wire because of the steel combination. He does not object to the enormous rusting capacity which wire has.

Why should not congress inaugurate the policy of reducing the cost of living for the farmer as well as for the resident of the city? If this cost is reduced we will hear fewer complaints from him on Canadian reciprocity. He has kicked against that, not because he does not wish the closest relations with Canada, but because there has been no corresponding reduction in manufactured products; that's what he is kicking about.

If he wants to buy a suit of all-wool clothes, for example—and he is as much entitled to them as any other man—he must pay just twice the amount that he would pay if he were in England. If he would buy any kind of steel product he is not given the liberty of buying it at prices at which the same product is sold in foreign countries and from the same factories.

These are things the Democratic party should be thinking about, now that it is in a position of responsibility. There is no time to talk about free trade now. We need money for revenue; but the way to get the revenue is to remove tariffs which enable the manufacturers to form trusts and sell their product cheaper in foreign countries than they do at home. Let the Democratic party help cheapen the cost of living in this fashion, and they will have the thanks of the farmers without regard to party.

Placing the Democrats in power does not end the struggle. It will be discovered in the next six months that there is a standpat faction among the Democrats that is just as averse to reducing the cost of living to the farmer as the most reactionary of the Republicans. The goats have been separated from the sheep in the Republican party—and pretty thoroughly. There will be a like separation in the Democratic party; and then we shall have a chance to count them.

Let the farmer now demand a decrease in the cost of their living. When they get it, they will cheerfully consent to a decrease in the cost of living of operatives and manufacturers. The cost of living is a negligible quantities in the minds of men who control our great factories and business enterprises. They will buy the things that cost the most anyway. It is a serious thing for the farmer, however.

"A Penurious Highbrow" asks the  
 New York Sun what to do to remove  
 gloss from a pair of trousers. Our  
 advice would be to wear them while  
 planting the garden.

It seems strange that Mrs. Grannis  
 was not permitted to speak in the  
 Albany cathedral, when the women of  
 the congregation exchange remarks  
 freely about the Easter millinery.

Yes, it is very true Rushville should  
 celebrate the night the new cluster  
 lights are lighted for the first time.  
 That will be the consummation of a  
 notable achievement and nothing too  
 pretensions can be planned by the  
 Rushville Retail Merchants' Associa-  
 tion.

Many influences have been brought  
 to bear on the present city adminis-  
 tration to use a road drag for repair-  
 ing the streets. At the last council  
 meeting the street commissioner was  
 instructed to either rent or borrow a  
 road drag to try it out on the city  
 streets. So far the road drag has  
 not been given a trial in Rushville.

The road drag is a much better  
 method of repairing city streets as  
 well as country roads than the com-  
 mon street scraper. It is heavy and  
 carries all of the surplus material  
 before it and levels the street off  
 well. The surplus is dropped off into  
 the large holes and packed and in  
 that manner the common "chuck"  
 holes that cause the autoist, the mo-  
 torecyclist and the people who ride in  
 vehicles so much inconvenience, are  
 done away with. The use of a road  
 drag will improve the Rushville  
 streets wonderfully which will be  
 proved if the experiment is once used.  
 The scraper is not heavy and bounds  
 up off the level of the street when it  
 strikes a rock or even a pebble. The  
 dirt is left in piles and often the big  
 holes are not filled up and the street  
 is not packed.

Try a road drag.

## AMUSEMENTS

The Palace will have a complete  
 change of program tonight.

The Vandet will present a double  
 program this evening with two good  
 films. The first reel includes the sub-  
 ject, "The Crippled Teddy Bear,"  
 which is an Imp film. It is a drama  
 of society life and is said to be very  
 interesting. The Champion film, "An  
 Indian Land Deal" is also a drama.  
 A new illustrated song will be sung.

The Star Grand will present a Reli-  
 anee film tonight entitled "Tangled  
 Lines." Intoxicated with success a  
 woman plans to discard her husband  
 who has been stricken blind, and who  
 had made her his wife when she was  
 a friendless, itinerant minstrel. A real-  
 ization of her ingratitude brings re-  
 pentance, but too late to save the life  
 of the man who dies of a broken  
 heart. The second film is a Rex dra-  
 ma entitled "As Ye Sow." This will  
 be the first time a Rex film has been  
 shown in our city. Earl Robertson  
 will sing "There'll Come a Time."

## TAFT'S MESSAGE ON RECIPROCITY

Is Read to Special Session of Con-  
 gress, Which Convene Yester-  
 day, Late This Afternoon.

## THE PRESIDENT URGES ACTION

Assured That Sentiment of People  
 of United States Would Welcome  
 Such a Measure.

[Special to the Daily Republican.]

Washington, April 5.—In transmit-  
 ting his message to the special ses-  
 sion of the Sixty-second congress to-  
 day, President Taft said:

To the Senate and House of Repre-  
 sentatives:

I transmitted to the sixty-first  
 congress, on Jan. 26 last, the text of  
 the reciprocal trade agreement which  
 had been negotiated under my direc-  
 tion by the secretary of state with  
 the representatives of the Dominion  
 of Canada. This agreement was the  
 consummation of earnest efforts ex-  
 tending over a period of nearly a year  
 on the part of both governments to  
 effect a trade arrangement, which  
 supplementing as it did the amiable  
 settlement of various questions of a  
 diplomatic and political character that  
 had been reported would mutually pro-  
 mote commerce and would strengthen  
 the friendly relations now existing.

## The Sentiment of the People

The agreement in its intent and in  
 its terms was purely economic and  
 commercial. While the general sub-  
 ject was under consideration by the  
 commissioners I felt assured that the  
 sentiment of the people of the United  
 States was such that they would wel-  
 come a measure which would result in  
 increase of trade on both sides of the  
 boundary line, would open up the re-  
 serve productive resources of Canada  
 to the great mass of our consumers on  
 advantageous conditions, and at the  
 same time offer a border outlet for  
 the excess product of our farms and  
 many of our industries. Details re-  
 garding a negotiation of this kind nec-  
 essarily could not be made public  
 while the conferences were pending.  
 When, however, the full text of the  
 agreement with the accompanying  
 correspondence and data explaining  
 both its purpose and its scope be-  
 came known to the people through the  
 message transmitted to congress, it  
 was immediately apparent that the  
 ripened fruits of the careful labors of  
 the commissioners met with wide-  
 spread approval. This approval has  
 been strengthened by further consid-  
 eration of the terms of the agreement  
 in all their particulars. The volume  
 of support which has developed shows  
 that its broadly national scope is fully  
 appreciated and is responsive to the  
 popular will.

## The Character of the Agreement

The house of representatives of the  
 Sixty-first congress, after the full text  
 of the agreement with all the details  
 in regard to the different provisions  
 had been before it, as they were be-  
 fore the American people, passed a  
 bill confirming the agreement as nego-  
 tiated and as transmitted to congress.  
 The measure failed of action in the  
 senate.

In transmitting my message of the  
 26th of January I fully set forth the  
 character of the agreement and em-  
 phasized its appropriateness and nec-  
 essity as a response to the mutual  
 needs of the people of two countries,  
 as well as its common advantages. I  
 now lay that message and the recip-  
 rocal trade agreement, as integrally  
 part of the present message, before  
 the Sixty-second congress and again  
 invite earnest attention to the consid-  
 erations therein expressed.

## President Urges Early Action

I am constrained in defense to popu-  
 lar sentiment and with a realizing  
 sense of my duty to the great masses  
 of our people whose welfare is in-  
 volved, to urge upon your considera-  
 tion early action on this agreement.  
 In concluding the negotiations the re-  
 presentatives of the two countries  
 bound themselves to use their utmost  
 efforts to bring about the tariff  
 changes provided for in the agree-  
 ment by concurrent legislation at  
 Washington and Ottawa. I have felt  
 it my duty therefore not to acquiesce  
 in relegation of action until the open-  
 ing of the congress in December, but  
 to use my constitutional prerogative  
 and convoke the sixty-second congress  
 in extra session in order that there  
 shall be no break in continuity in con-  
 sidering and acting upon the im-  
 portant subject.

WILLIAM H. TAFT.

By Wireless.

They paused in the office, the three of them, and while Miss Thorne was giving some instructions as to her baggage the prince went over to the telegraph booth and began to write a message on a blank. Mr. Grimm appeared at his elbow.

"No," he said.

"Can't I send a telegram if I like?"

"No, nor a note, nor a letter, nor may you speak to any one," Mr. Grimm informed him quietly.

"Why, it's an outrage!" flamed the prince.

"It depends altogether on the viewpoint, your Highness," said Mr. Grimm courteously. "If you will pardon me I might suggest that it is needless to attract attention by your present attitude. You may—I say you may—compel me to humiliate you." The prince glared at him angrily. "I mean handcuff you," Mr. Grimm added gratuitously.

"Handcuff me?"

"I shouldn't hesitate, your Highness, if it was necessary."

After a moment Miss Thorne signified her readiness, and they started out. At the door Mr. Grimm stopped and turned back to the desk, as if struck by some sudden thought, leaving them together.

"Oh, Miss Thorne left a message for some one," Mr. Grimm was saying to the clerk. "She's decided it is unnecessary." He turned and glanced toward her, and the clerk's eyes followed his. "Please give it to me."

It was passed over without comment. It was a sealed envelope addressed to Mr. Charles Winthrop Rankin. Mr. Grimm glanced at the superscription, tore the envelope into bits and dropped it into a basket. A minute later he was assisting Miss Thorne and the prince into an automobile that was waiting in front. As the car moved away two other automobiles appeared from corners nearby and trailed along behind to the station. There a private compartment-car was in readiness for them.

It was a long, dreary ride—a ride of utter silence save for the roar and clatter of the moving train. Mr. Grimm, vigilant, implacable, sat at ease; Miss Thorne, resigned to the inevitable, whatever it might be, studied the calm, quiet face from beneath drooping lids; and the prince, sullen, scowling, nervously wriggled in his seat. Philadelphia was passed, and Trenton, and then the dawn began to break through the night. It was quite light when they rolled into Jersey City.

"I'm sorry for all the inconvenience I have caused," Mr. Grimm apologized to Miss Thorne as he assisted her to alight. "You must be exhausted."

"If it were only that!" she replied, with a slight smile. "And is it too early to ask where we are going?"

The prince turned quickly at the question.

"We take the Lusitania for Liverpool at ten o'clock," said Mr. Grimm obligingly. "Meanwhile let's get some coffee and a bite to eat."

"Are you going to make the trip with us?" asked the prince.

Mr. Grimm shrugged his shoulders. Weary and spiritless they went aboard the boat, and a little while later they steamed out into the stream and threaded their way down the bay. Miss Thorne stood at the rail gazing back upon the city they were leaving. Mr. Grimm stood beside her; the prince, still sullen, still scowling, sat a dozen feet away.

"This is a wonderful thing you have done, Mr. Grimm," said Miss Thorne at last.

"Thank you," he said simply. "It was a destructive thing that you intended to do. Did you ever see a more marvelous thing than that?" and he indicated the skyline of New York. "It's the most marvelous bit of mechanism in the world: the dynamo of

## A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS TURNING

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it's dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout American that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp the F. E. Walcott Drug Store on proving to the laboratories accompanying the treatment that it is the most prominent drug store in this city secured the agency for the remedy. This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Rushville by F. E. Wolcott.

## IT IS CURABLE.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25-cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store. Thos. W. Lytle.

Grimm," and there was the glitter of triumph in her eyes. "With the aid of one of the maids in the depot at Jersey City I managed to get a telegram of explanation and instruction to De Foe in New York, and this is the result. He signed Mr. Campbell's name, I suppose, to give weight to the message."

An hour later a tug-boat came alongside, and they went aboard.

(To be continued.)

## STOP PUBLIC GATHERINGS

An order issued by the city board of health at Shelbyville has closed moving picture houses, churches, lodges and schools on account of smallpox. No services were held in any of the churches Sunday and the schools were not in session yesterday. Thirty-five cases of the disease have been found in the city. The residents of the city are not seriously alarmed but they are obeying orders.

## WEALTH.

An accession of wealth is a dangerous predicament for a man. At first he is stunned if the accession be sudden; he is very humble and very grateful. Then he begins to speak a little louder, people think him more sensible and soon he thinks himself so.—Cecil.

If heaven had looked upon riches to be a valuable thing it would not have given them to such a scoundrel.—Swift.

If wealth come beware of him, the smooth, false friend! There is treachery in his proffered hand; his tongue is eloquent to tempt; lust of many harms is lurking in his eye; he hath a hollow heart. Use him cautiously.—Tupper.

## We Recommend Sexine Pills.

It makes no difference what is the cause of one's weakness. If it be a tonic that is needed, Sexine Pills will do more than any other tonic. They are the one tonic that strikes at the bottom of all weakness, the nerve centers. They send new vitality bounding through the body, producing a glow and tingle that revive the languid energies of youth. Sexine Pills begin by bringing quiet repose to fluttering nerves, and inducing restful and refreshing sleep. Price \$1 a box; six boxes \$5, with full guarantee. Address or call Hargrove & Mullin, druggists, where they sell all the principal remedies and do not substitute.

Do you know that croup can be prevented? Give Chamberlain's Cough Remedy as soon as the child becomes hoarse or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by All Dealers.

## AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

Hargrove and Mullin, Druggists.

## ANOTHER TERM FOR HARRISON

Elected Mayor of Chicago for Fifth Time.

## CARRIED REST OF CITY TICKET

Prof. Merriam, Republican Candidate, Was Not Only Knifed by the Republican Machine Men, but Even the So-Called "Reform" Wards Failed to Give Him the Expected Support—Democrats Control City Council.

Chicago, April 5.—By a plurality of over 17,000, Carter H. Harrison was elected mayor of Chicago for the fifth time. His opponent, Charles E. Merriam, was knifed by the Republican machine men, while the expected defections of Dunne Democrats from the party did not materialize.

Milton J. Foreman's defeat by Albert J. Tearney for alderman of the Third ward, was the big feature of the aldermanic election.

In the Democratic wards Harrison piled up record-breaking majorities. In the Republican wards Mr. Merriam's showing was disappointing, as he did not run nearly so well as Fred A. Busse four years ago. This was true in the so-called "reform" wards, where he was expected to sweep all before him.

Merriam Issues Statement. Prof. Charles E. Merriam, alderman of the Seventh ward and the Republican candidate for mayor, conceded his defeat in a formal statement.

"I am satisfied with the fight my friends made," he said. "We presented the issue of honest and progressive government, and the voters have replied. I congratulate Mr. Harrison on his victory, and wish him well in his administration."

Harrison carried with him the rest of the city ticket, Francis D. Connerly for city clerk, up for re-election, and Henry Stuckert for city treasurer. The Republicans will have thirty-four members of the new council and the Democrats thirty-six. This is a gain of four Republicans over the election of one year ago.

## DESTRUCTIVE WINDS

South Visited by One of the Worst Storms in Years.

New Orleans, April 5.—Badly crippled wires are holding back reports of what is believed to have been one of the most extensive storms that has swept the South in years. Alabama, Mississippi, Florida Louisiana and east Texas are the most severe sufferers. Along the gulf the damage is known to have been serious, and while few authentic reports of loss of life have been received, the number of casualties will probably be considerably larger.

News of shipping along the coast is awaited with anxiety. Storm warnings had been issued, but were not received in time by many vessels, it is feared.

## PREPARING TO SETTLE

The Cases of Pate and Dailey May Never Come to Trial.

Terre Haute, Ind., April 5.—By agreement of the prosecution and defense in both cases, there is to be no arraignment until May of Grover Pate, secretary-treasurer of the gas company, and John A. Dailey, secretary-treasurer of a building and loan association, each being indicted for alleged embezzlement. There is an announcement in each case that the money is to be refunded, and that if possible there will be no arraignment at all. Dailey has turned over property covering nearly all the \$46,000 he is said to have taken. Pate's friends are arranging to pay \$2,000 for him.

## AN ANTI-CLERICAL CREATES A SCENE

Entered St. Peter's With Murder In Heart.

Rome, April 5.—Armed with a revolver, a man identified as Pietro Desanti, entered St. Peter's, and without warning fired on the canons who were engaged in the recital of the breviary "In Choir." The shot went wild and the man was arrested. He fought savagely and slightly wounded a policeman.

It was learned later by the police that the man was a bricklayer. He stated that he was a native of Istria. He added that he is neither a Socialist nor an anarchist, but an anti-clerical who hated all religions and priests.

Continuing his narrative to the police, he said he came to Rome last August with the fixed intention of killing the pope. At first it was his intention to get a position as a gardener in the vatican grounds and wait a chance to shoot his holiness as he was taking a walk in the gardens. After thinking it over he realized the impossibility of this plan or of the alternative of reaching the papal apartments owing to the strict surveillance maintained by the vatican guards. In view of all this he at last decided to kill a priest and for that purpose he purchased a revolver and went to St. Peter's, where he waited until the mass was ended. Then he drew his weapon and aimed at the celebrant as the latter passed him on his way to the sacristy. Much to his regret, he said, he missed the priest, but he would try again if he ever got the chance.

Desanti also told the police that his hatred of religion was due to the fact that an uncle and aunt who had reared him had disinherited him and had left their money to the church. When he found that this plan was on foot he killed his uncle and aunt, for which he served twenty years' imprisonment. Upon regaining his liberty he emigrated to the United States, where he worked hard and saved sufficient money to enable him to come to Rome. His idea at the time was to kill the pope.

## VIEWED WITH ALARM

House of Lords Expresses Concern Over England's Unpreparedness.

London, April 5.—In the house of lords a motion made by Lord Roberts was adopted by a vote of 99 to 40. The motion read "that in view of the altered strategic conditions of Europe this house views with grave and growing concern the inadequate military arrangements of the government for the defense of the country and his majesty's over-sea dominions."

Lord Curzon, speaking in support of the motion, said that he warmly welcomed the idea of arbitration with America, but it was not from America that England ran the risk of invasion. He would like to see an arbitration treaty with a European state or a combination of states before he could rid his mind of alarm.

Banker Disappears.  
Owensboro, Ky., April 5.—W. A. Sherrill, cashier of the Utica Deposit bank, at Utica, near here, has disappeared and officers of the bank have notified his bonding company of a shortage of about \$50,000 in his accounts. Sherrill's brother is under indictment, charged with having embezzled funds of a bank at Robards, Ky., of which he was cashier.

Bush to Get \$100,000 Job.  
New York, April 5.—B. F. Bush, it is said, has been selected as president of the Missouri Pacific railway company, to succeed George J. Gould. It is expected that he will be selected at a meeting in New York this week. It has been announced that a salary of \$100,000 annually would be paid to the new president of the Missouri Pacific.

## SEEKS STATISTICS OF THE FARMERS

Assessors Have Many Questions to Ask Regarding Crops, Produce and Other Things.

## TAKEN FOR THE STATISTICIAN

The township assessors and their deputies have considerable extra work this year in collecting farm statistics for use in the State statistician's office. The questions to be asked are many and varied. The farmer, owner or tenant, must report amount of waste land, woodland, cleared land, number of acres in pasture, garden, for buildings, orchards, total acreage of crops harvested last year, amount of wheat acreage, corn, oats, rye, barley, buckwheat, Irish and sweet potatoes, onions, fruit, tobacco, tomatoes, hay, alfalfa, amount of clover seed threshed, number of horses and colts sold in 1910, number on hand, mules, milk cows, amount of milk and butter produced, number of all kinds of stock lost from disease, amount of poultry produced, also all other kinds of poultry and number of eggs.

In some localities the farmers have been reluctant to give some of this information until they understood thoroughly that it was for use only in the office of the State statistician.

## LEAVES PNEUMONIA.

The measles scourge which swept Connersville, is leaving a less general but more severe epidemic of pneumonia. Among children from two to ten years old there have been more deaths from this cause than from measles. In every case the patient had measles and was stricken with pneumonia while convalescent.

## TO CLOSE POSTOFFICE.

A petition is being circulated to have the postoffice at Greenfield closed on Sunday. The movement was started last Sunday by the men of the American Bible Class and the plan seems to meet with general approval.

## A COURTEOUS ACT TOWARD OPPONENT

Vice President Calls Senator Kern to Chair.

Washington, April 5.—Vice President Sherman yesterday did a gracious act toward a vanquished political opponent when he invited John W. Kern, rival nominee for vice president in the 1908 campaign, to preside over the senate. The new Democratic senator from Indiana had just been sworn in, and he was consequently the first senator called to the chair in the Sixty-second congress. The senate, after taking a brief recess, following the swearing in of the new members, reassembled at 2 o'clock, but remained in session only about ten minutes and then adjourned until noon today.

The new senate is made up of fifty Republicans, forty-one Democrats and one vacancy, which eventually will be filled by a Democrat from Colorado. In the last congress the Republicans had fifty-nine members of the senate, compared with only thirty-two of the Democrats.

Jury Held She Was Justified.  
Quincy, Ill., April 5.—The coroner's jury exonerated Mrs. William Neuman, who shot and killed her husband at their home. The jury held she was justified in shooting her husband to save the son.

## TERSE TELEGRAMS

Five business buildings at Petoskey, Mich., were burned. The loss is \$100,000.

A bill granting suffrage to women was defeated, 69 to 161 by the Massachusetts assembly.

Mrs. Ella Wilson was elected mayor of Hunnewell, Kan., the first woman to be elected executive of a Kansas municipality.

The bill appropriating \$7,000 to the widow of Governor John A. Johnson has passed the upper branch of the Minnesota legislature.

The new municipal building now being constructed at Springfield, Mass., was badly damaged by a mysterious explosion of dynamite.

The Massachusetts legislature has rejected a resolution to provide for the erection of a military statue of Ben Butler in the statehouse.

The Socialist candidates for judicial and school board offices at Milwaukee were defeated by the combining of the old parties in non-partisan tickets.

During a fire in a five-story brick structure at Fitchburg, Mass. a heavy hot-air explosion blew the roof off and the shower of debris killed two firemen.

Judge George Denny, aged sixty-three, who was known as one of the ablest lawyers and jurists in Kentucky, is dead at his home at Lexington, of pneumonia.

Five hundred farmers, business men and newspapers men from different sections of the state are at Grand Forks, N. D., to attend the state anti-reciprocity convention.

Searching, it is thought, for secret formulas of the Bethlehem Steel company, thieves forced their way into the offices of that corporation and ransacked every desk in the place.

Word comes from Parral, Mexico, of the looting of the town of Huejotlan, near there, by the insurgents. Also that railroad communication south of Torreon has been completely cut off.

Churches of all denominations were placed under the ban of the Italian Socialists' Federation of the United States at the closing session of its national congress, in session at Utica, N. Y.

George Crichtfield was shot from ambush near his ranch near Tuxpan, Mexico. Crichtfield is a citizen of New Jersey, and was recently a candidate for congress on the Republican ticket in that state.

## Auto Racing as a Sport

### MAY DRIVE FOR SEVEN HOURS

Contest Board of Auto Association Will Allow Pilots to Go Through 500-Mile Event at Indianapolis.

Indianapolis, Ind.—Physical training of an automobile race driver is as essential to success behind the wheel as is the training of an athlete to his success in any sport, according to the statements of some of the oldest motor pilots in that hazardous sport. The stories of hardships in endurance driving are told frequently by the dare-devil wheelman, but they are treated lightly and are as little considered by them as the element of danger which is ever present in the game.

The Indianapolis Motor Speedway management has obtained advance permission to notify drivers entered in the \$25,000, 500-mile International Sweepstakes race over that course, May 30, that they will be permitted to take their cars all the way through the long grind if they are in satisfactory physical condition and pass the examination of the representatives of

the American Automobile Association contest board. The drivers have accepted this advice with considerable satisfaction, as many of them feared they would be governed by the three-hour limit track and Speedway rule in force in 1910.

F. H. Wheeler, of the Wheeler & Schebler Co., manufacturers of the Schebler carburetor, and one of the directors of the Speedway, says:

"I believe the decision of the contest board to let one driver take a car straight through will make the race much better from the standpoint of the drivers themselves, the car manufacturers and the spectators. It has been the experience of the Speedway in long races that the spectators enjoyed the gameness of the pilots as much as the performance of the cars."

### GREATEST PURSE EVER OFFERED.

A purse totalling about \$40,000 is to be given by the Indianapolis Motor Speedway for one race on Memorial Day. This is to be given to the winners of the 500-mile International Sweepstakes event, and is the greatest cash purse ever posted.

## WILL ATTEND PRESBYTERY

Local Church Members Will be Present For Annual Meeting of Whitewater Association.

TO BE HELD AT GREENSBURG

Twelve Counties Are Included in District and All Presbyterian Churches Send Delegates.

The Rev. John B. Meacham, pastor of the First Presbyterian church and several members will attend the annual meeting of the Whitewater Presbytery in Greensburg next Monday and Tuesday. Frank Reynolds is the delegate from the local congregation and E. H. Wolfe is the alternate. The annual meeting was held here a few years ago.

Concerning the meeting the Greensburg News says: The Presbytery will convene Monday evening at 7:30 o'clock, when a sermon will be delivered by the Rev. S. W. Huffer of Liberty, and will be followed by the election of the Moderator and other business. The day sessions Tuesday will be devoted to business.

In the evening there will be a popular meeting and two addresses, one by the Rev. S. W. Grossman of New Albany, the well known State worker, and the other by the Rev. J. H. Clark of Connorsville. Also at this meeting the presbytery commissioners will be elected to the General Assembly, which will meet in May this year at Atlantic City.

Thirty-five or forty delegates will be here from the twelve counties which comprise the Whitewater district. The counties are Dearborn, Fayette, Wayne, Decatur, Franklin, Henry, Ohio, Ripley, Rush, Shelby, Switzerland and Union. This includes a number of large cities, as Richmond, Lawrenceburg, New Castle, Shelbyville and others, each of which will probably send a number of visitors.

Visitors will be welcomed to all of the meetings, and especially in the evening.

#### New Contracts.

At the last meeting of the city council the city treasurer was ordered to make new contracts for the use of the city water, in accordance with the provisions of the ordinance on that subject. Heretofore any one could contract for water, but beginning on May 1st next, the expense for water will be charged to the owner of the property, who will be required to sign a contract therefor.

### ADVANTAGES OF OUR SELF-RENEWING CERTIFICATES.

1. It is a short-time investment usually for six months, although we write identically the same certificate at a higher rate of interest on TWELVE MONTHS time and is suitable for surplus funds or funds awaiting permanent investment.
2. Either certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
3. Either relieves the holder from the annoyance of collecting interest and having the certificate renewed at every maturity date. We mail you interest check to your last known address on each maturity.
4. This company will make loans to the face value of the certificate.
5. There is absolutely no speculative value in these certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
6. We claim to pay you on the year certificate the highest rate consistent with absolute safety and permanence of the principal.

In addition to the above, WE PAY INTEREST ON CHECKING ACCOUNTS above a stated limit.

## C. H. & D. - MONON REPORT DENIED

Arrangements Are Not Discontinued

Whereby Local Trains Make Direct Chicago Connections.

### CHANGE HAS BEEN CONSIDERED

The report that the passenger traffic arrangements between the Cincinnati, Hamilton & Dayton railroad, which passes through here, and the Monon is to be terminated and that the Monon passenger trains, instead of running between Cincinnati and Chicago, via Indianapolis, will run merely between Indianapolis and Chicago, district passenger agent in Indianapolis for both lines: President Fairfax Harrison, of the Monon, and General Passenger Agent O. P. McCarty, of the Cincinnati, Hamilton & Dayton. It is admitted that such a move was contemplated, not however, for the reason that the Cincinnati, Hamilton & Dayton delivered the Monon trains late into Indianapolis and Cincinnati, but for other reasons. It is stated, however, that the plan was dropped some time ago and will not be considered again. If such plans were carried out, it would mean that Rushville people would be unable to make direct connections for Chicago.

### MAKE TOUR OF INSPECTION

I. & C. Officials Travel Over This Division in Special Car.

Officials of the Indianapolis & Cincinnati Traction company made a tour of inspection over this division of the line today in the company's private car. The party included the board of directors and Charles L. Henry, president of the road. The party was entertained at dinner at the home of Mr. and Mrs. James Alsop, about two miles east of the city on the I. & C. right-of-way. The trip has no special import, according to the officials of the company, as it is only one of a series of inspection trips which are made over the line every few months. They inspected the Shelbyville division a few weeks ago.
